Joint National Training Capability

Background

- **part of OSD Training Transformation**
- **an effort to put *“appropriate joint context”* at all levels of training within DoD**
- **Lessons Learned from OEF and OIF and previous joint operations**

Concept

- **A global network to connect appropriate live events and simulated events**
  - **Instrumented forces**
  - **Networked simulation centers**
- **Provide *joint context* to decision makers at all levels of warfare**
  - **Tactical**
  - **Operational**
  - **Theater & Strategic**

Naval Aviation Simulation Training

- **Requirements**
  - **No such thing as a Joint Training & Readiness Matrix**
  - **Naval Air Forces T&R matrix does not include a Joint Requirement**
  - **No T&R matrix for JTFEX or COMPTUEX**
- **Opportunities**
  - **Adversaries too expensive for live events**
  - **Targets more complex than live ranges**
  - **Better use of Flying Hours and Ranges**

Scheduled & Completed "JNTC-like" Networked Simulation Events

- **Complete**
  - **DESERT PIVOT, VIRTUAL FLAG**
  - **Battle Group In-Port Exercise (BGIE)**
- **Scheduled**
  - **C3F JTFEX 05-2 / BLUE FLAG**
  - **C2F Multi-BGIE**
